Share Health Southeast Georgia Announces Scholarship Recipients

London O'Steen was one of four high school students awarded a traditional scholarship from Share Health Southeast Georgia. London graduated from Citizens Christian Academy in Coffee County with a 4.0 GPA. London plans to attend the University of Georgia in the Fall and major in pre-med with an emphasis in Regenerative Biosciences.

Share Health Southeast Georgia offers scholarships to both traditional and non-traditional students pursuing a career in healthcare. Scholarships are offered to traditional students who reside in and attend high school in the 16 counties served by the Southeast Health District. Non-traditional students who are enrolled in a degree program in public health or healthcare and have a residence in one of the 16 counties of the Southeast Health District can also apply. Preference is given to nontraditional students who are employees of the Southeast Health District.

Share Health Southeast Georgia is dedicated to improving the health of all generations in the Southeast Health District. It accomplishes its mission by providing capacity-building, philanthropic and advocacy support to its community partners and by maintaining its close, collaborative partnership with the Southeast Health District to promote and support its programs and services.
