**RELEASE DATE:**  
**July 2025**

SHARE HEALTH SOUTHEAST GEORGIA  
P.O. BOX 1718, WAYCROSS, GA 31502

### Share Health Southeast Georgia Announces Scholarship Recipients

Rachel Jackson is one of four high school students to receive a Traditional Scholarship from Share Health Southeast Georgia. A graduate of Wayne County High School with a 3.8 GPA, Rachel plans to attend Augusta University to major in Pre-Allied Health. She hopes to continue her education in dental school and become an orthodontist.

Scholarships are awarded to four high school students who plan to pursue a degree in health care. One scholarship is awarded to a non-traditional student who is already working in a health care field and is enrolled in a degree program in public health or other health care field to further their education. Both high school students and non-traditional students must reside in one of the 16 counties served by Share Health Southeast Georgia.

Share Health Southeast Georgia is dedicated to improving the health of all generations in the Southeast Health District. It accomplishes its mission by providing capacity-building, philanthropic and advocacy support to its community partners and by maintaining its close, collaborative partnership with the Southeast Health District to promote and support its programs and services.
